

CMMS COST SAVINGS

based on the Orange County Container Group (OCCG) case study
presented by 

Orange County Containers Group (OCCG) manufactures paperboard and paper-based packaging at multiple sites in the United States and northern Mexico. OCCG had been using Datastream MP2 for nearly a decade, but decided to look for a new CMMS provider to handle their preventive maintenance program at 17 production plants in the U.S. and Mexico.

WHAT OCCG NEEDED IN A CMMS

- ★ Bilingual support for locations in the US and Mexico
- ★ Mobile access so workers can enter information as work is being done
- ★ Ability to track inventory across locations and higher visibility of inventory quantities
- ★ Ability to limit rights by user for ISO compliance
- ★ Ability to Integrate with corporate financial systems

eMaint X3 ^{winner!}

- Bilingual customer support
- Mobile connection
- Multi-location inventory tracking *reliable tracking!*
- Flexible configuration of screens and database
- Intuitive interface and helpful training tools

Datastream MP2

- Bilingual customer support
- Mobile connection *connection okay, could be better*
- Multi-location inventory tracking
- Limited flexibility and costly configurations
- Intuitive interface and helpful training tools

AFTER SWITCHING TO EMAINT

Next day air freight charges dropped

Standardized procedures were implemented

Waste was reduced

Maintenance costs were reduced

There was less overtime and downtime

"eMaint helped us eliminate manual entry, reduce overtime by 1/2 hour per day per mechanic, reduce downtime by 1% and improve inventory accuracy across 17 locations, saving over \$3MM the first year."

Bill Chant
Director of Maintenance and Engineering
Orange County Containers

HOW MUCH DID OCCG SAVE?

Reduced mechanics' overtime by 1/2 hour per day for 32 technicians

ANNUAL SAVINGS OF \$200,000

Reduced % waste (spoilage) from 13% to 9%

ANNUAL SAVINGS OF OVER \$2,000,000

REDUCED FREIGHT CHARGES BY 70%

1% Downtime reduction (standardizing procedures)

ANNUAL SAVINGS OF \$560,000

total

**OVER \$3M
IN ONE YEAR**

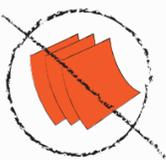

Bill Chant, Director of Maintenance and Engineering at OCCG, likens the savings to picking pennies up off the floor: while not terribly impressive at first blush, the pennies quickly turn into dollars; big dollars – over \$3 million.

-Gene Pargas, Uptime Magazine

OTHER BENEFITS

★ 100% paperless on all PMs

★ Improved PM completion rate
