

# Disneyland

## Maintaining Walt Disney World

It's Not A Small World After All...

Walt Disney World covers **40** square miles  
That's about the size of San Francisco, CA!

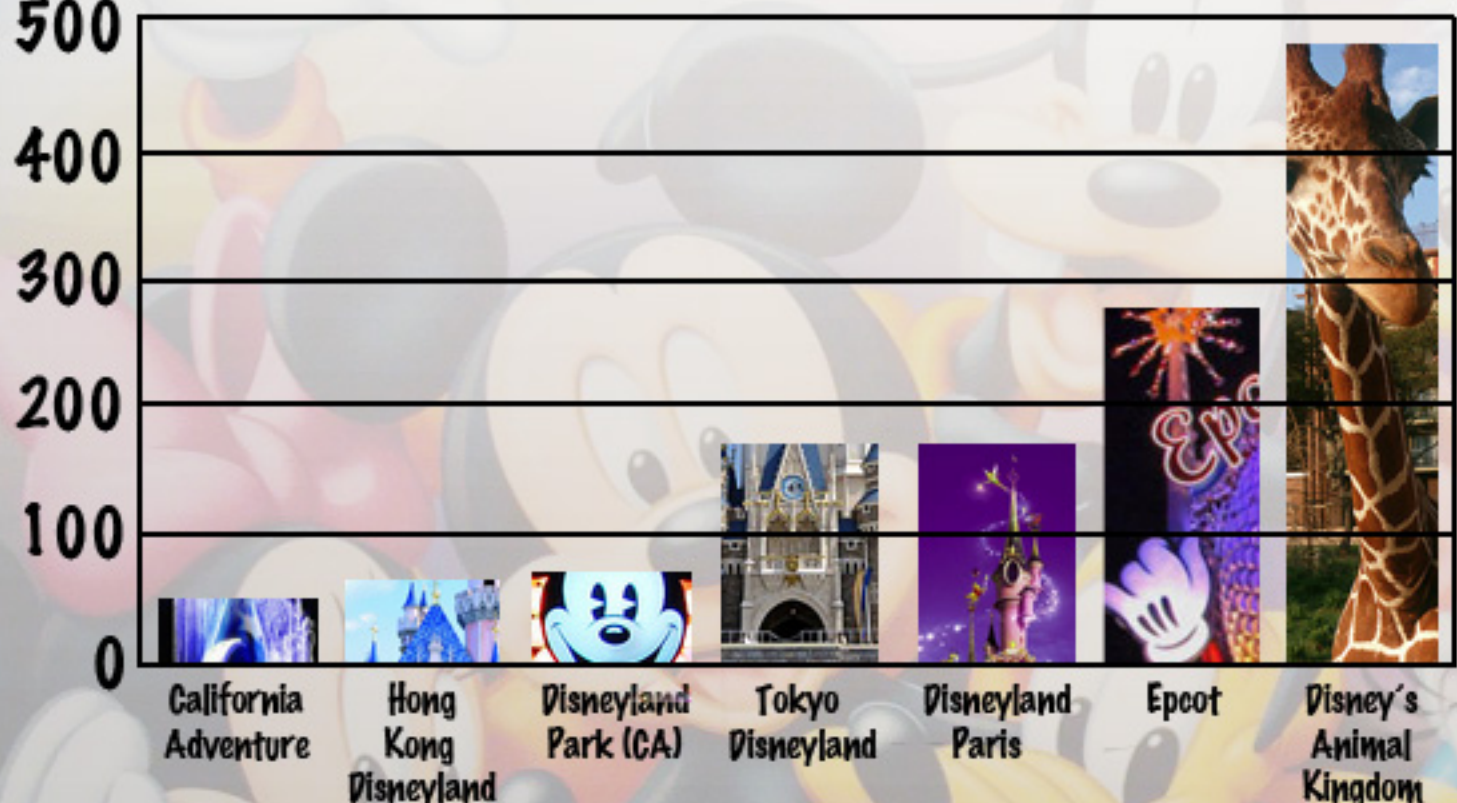

A CAST OF THOUSANDS...

**62,000**  
(Number of Employees at WDW)

- \$100 Million is Spent Each Year to maintain the Magic Kingdom.
- 5,500 Are Dedicated to the maintenance and engineering
- 800 are horticulturists
- 650 are Painters

Let's Compare Walt Disney World ~ 30,000 Acres To...  
The Size Of Disney Lands Around The World (Acres)

Sunny.....

In order to not disturb the park  
goes **100%** of the  
maintenance goes on at  
night when the park is  
closed

Bloomin' Beauty...

Nearly 12 % of Walt  
Disney World property ~  
is devoted to gardens  
and maintained landscapes.

Water, Water Everywhere...

If you put the water from The Seas  
with Nemo & Friends pavilion in Epcot  
into one-gallon milk jugs and laid  
them side by side they would stretch

**540 Miles**

France  
**590 Miles**

26,000 feet of lights outline the Epcot  
World Showcase  
Enough to span the Golden Gate bridge 6 times

ILLUMINATIONS...
